***Re: IP Disclosure Certificate***

Dear Ms. Riegel & Dr. Charles:

Creative Technology is the assignee of US Patent No. 6,917,686 entitled "Environmental Reverberation Processor." This patent may be relevant to the OpenGL ES draft specification, in particular as it relates to audio occlusion and obstruction techniques.

Creative Technology hereby notifies Khronos that any Necessary Patent Claims in US 6,917,686 will not be made available under the Reciprocal License with respect to Draft and/or Ratified Specifications.

Please let me know if you have any questions.

Yours truly,
