Submission and Review Process

Tests – New Version Process

- **Tests and Process Document can be updated at any time**
 - Continual improvement
 - Version tracking (by date) for both Tests and Process Document
- **Test/Process Versioning**
 - Adopter may chose any valid date combination version of the Tests/Process
 - Ensures changes do not invalidate previously conforming products
 - Test / Process version reported in results – incentive to use latest version
- **New Versions should be pre-released to Adopters for feedback**
 - As well as tested by members
