KHRONOS GROUP MEMBERSHIP AGREEMENT

This Khronos Group Membership Agreement ("Agreement") is entered on the last of the dates on the signature page(s) below ("Effective Date") between the Khronos Group Inc. ("Khronos") a California Corporation, and signing party on signature page ("Signatory").

1. DEFINITIONS

"Board" means the Board of Directors of Khronos.

"Confidential Information" means information that is confidential to Khronos.

"Contribution" means information submitted to Khronos for the purpose of consideration and adoption by Khronos for inclusion in a specification.

"Managing Director" means the Managing Director of Khronos.

"Member" means any member of Khronos as defined by the Bylaws in Attachment B.

"Promoter Member" means a Promoter of Khronos as defined by the Bylaws in Attachment B.

"Ratified Specification" means a specification ratified by Khronos for public release as defined by the Bylaws in Attachment B.

2. PURPOSE AND SCOPE

Signatory hereby agrees to become a Member of Khronos, and agrees to conform to all of the applicable terms and conditions set forth in this Agreement and Attachment A (Khronos Group Intellectual Property Rights Policy), Attachment B (Khronos Group Bylaws), and optionally Attachment C (Khronos Conformance Test Source License Agreement) each of which is incorporated herein and made a part hereof. If Signatory signs the "Decline Conformance Test Source Agreement" box on the signature page then the rights and obligations of Attachment C shall not apply.

3. KHRONOS MEMBERSHIP

3.1 Membership and Dues

Signatory’s membership rights and responsibilities as defined herein shall commence on the Effective Date and upon receipt by Khronos of Signatory’s membership dues. Dues payable shall be according to the current dues schedule for each membership class as determined and published by Khronos. Khronos may change the dues schedule at any time in its sole discretion. Dues shall cover a twelve (12) month period from the Effective Date and dues for renewal shall be payable each successive year on that same anniversary date to maintain membership by Signatory. If Signatory is delinquent in the payment of dues, membership rights, including all voting rights (if any), shall be deemed revoked upon written notice from Khronos and shall remain revoked until all delinquent dues are paid. No refund of dues shall apply in the event of termination, suspension or withdrawal of membership.

The Board and Signatory may mutually agree to bring forward the date that dues are payable by Signatory together with a one-time, pro-rated reduction in payable dues based on the number of months the due date is bought forward.
3.2 Promoter Membership
Signatory may apply to become a Promoter Member by checking and signing in the appropriate box on signature page below or by sending a written request to the Managing Director at any time during Signatory’s membership. If the Board approves the application then the Signatory shall be notified in writing that they are accepted as a Promoter Member and ensuing rights shall commence upon the receipt of the appropriate dues. If Signatory’s Promoter Member status is approved on a date different from the Effective Date or its anniversary date, then the increased dues payable is the difference between Member and Promoter Membership dues multiplied by the number of whole or partial months until the Signatory’s membership renewal date divided by twelve (12). If the Signatory’s application to become a Promoter Member is declined, then Signatory’s membership remains unaffected.

3.3 Term of Membership
Signatory’s membership in Khronos may, at Signatory’s discretion, continue for as long as Khronos remains active, unless terminated pursuant to section 3.4 or 3.5 below; upon termination of membership of any particular Member pursuant to section 3.4 or 3.5 below, this Agreement, together with Attachments A, B and C, shall be considered terminated with respect to that Member save as provided below in section 3.6.

3.4 Termination through Insolvency
This Agreement shall terminate immediately if Licensee: becomes insolvent; has a receiver is appointed for it or its property; or commences voluntary or involuntary bankruptcy proceedings (in the event of an involuntary filing, provided such proceeding has not been vacated or set aside within sixty (60) days of commencement).

3.5 Non-Voluntary Termination of Membership
In the event of a material default or breach of this Agreement by Signatory, if Signatory does not cure such default or breach within thirty (30) days after its receipt of written notice thereof from the Managing Director, such Signatory’s membership in Khronos may be terminated at any time thereafter as defined in the Bylaws.

3.6 Voluntary Termination of Membership
Signatory may resign from Khronos and terminate its membership in Khronos at any time by providing written notice thereof to the Managing Director. Such resignation and termination is effective on the date such notice is received by the Managing Director.

3.7 Obligations on Termination
After Signatory’s membership in Khronos has terminated, Signatory shall have no further obligations under this Agreement; provided that a) any obligation to pay unpaid dues shall survive and; b) all rights and licenses granted by Signatory under Attachments hereto and all confidentiality and non-disclosure obligations of Signatory hereunder shall survive. All rights and licenses granted to Signatory, in its capacity as a Member of Khronos, shall survive Signatory’s departure from Khronos.

3.8 Costs and Expenses
Signatory will be responsible only for its own costs and expenses incurred in matters and activities arising out of this Agreement.
4. CONFIDENTIAL INFORMATION

4.1 Confidential Information
Confidential Information shall include all materials generated by Khronos and by Members on behalf of Khronos, and not specifically designated as non-Confidential by the Board, including any draft specifications, working group mailing lists and minutes, and all passwords and source code provided under this agreement. Notwithstanding the above, Confidential Information will not include any information that is (a) rightfully in the public domain other than by a breach of a duty to the disclosing party; (b) rightfully received from a third party without any obligation of confidentiality; (c) rightfully known to the receiving party without any limitation on use or disclosure prior to its receipt from the disclosing party; (d) independently developed by employees of the receiving party; (e) generally made available to third parties by the disclosing party without restriction on disclosure; or (f) disclosed in furtherance of an order to disclose issued by a court of proper jurisdiction; provided, however, in such instance, the Signatory having received the Confidential Information will provide prompt notice to Khronos in order to facilitate Khronos’ legal intercession. Each Member waives confidentiality interests that the Member may have with respect to any Contribution submitted by that Member to Khronos, upon incorporation of that Contribution into a Ratified Specification.

4.2 Use of Confidential Information
Signatory may use Confidential Information in any Khronos-related activities and disclose such Confidential Information to any other Member in connection with activities related to this Agreement. With respect to any Contribution made by Signatory, prior to that Contribution being incorporated into a Ratified Specification, Signatory grants to Khronos and to other Members a license under that Member’s trade secrets and copyrights contained in that Contribution, to use that Contribution to develop draft specifications for which Signatory made the Contribution.

4.3 Confidentiality Obligation
Signatory will maintain all Confidential Information in confidence with at least the same degree of care that it uses to protect its own confidential and proprietary information, but no less than a reasonable degree of care under the circumstances and will not use, disclose or copy the Confidential Information (other than Signatory’s own Contributions) except as necessary for its employees with a need to know. Signatory will mark any copies it makes of such Confidential Information as “Khronos Confidential,” “Khronos Proprietary” or with a similar legend and shall reproduce all copyright notices and disclaimers contained in the Confidential Information. Unless the parties agree otherwise, this obligation of confidentiality will expire two (2) years from the date of disclosure to Signatory.

4.4 Return of Confidential Information
Upon termination of membership, Signatory shall promptly either return to Khronos or destroy all tangible copies of any Confidential Information in its possession.

5. TRADEMARKS

5.1 Non-assertion of Rights in Marks

Member will not use or adopt any trademarks for any product, service or specification that violates Khronos' rights in the Marks.
5.2 Use of Trademarks
Member agrees that it will only use the Marks to promote its membership and label and promote products in which all included features and functions of Ratified Specification reasonably capable of being implemented have been so implemented. Signatory agrees to comply with any trademark usage guidelines that Khronos may issue from time to time, including restrictions of use of Marks for products to be tested for compliance with Ratified Specifications with conformance tests defined by Khronos.

5.3 No Obligation to Use Marks
Member is not obligated to use any of the Marks on any product, advertising, or on any other material.

5.4 SGI Marks
Silicon Graphics, Inc. ("SGI") owns all right, title, and interest to the marks “OpenML”, “OpenGL,” and “OpenGL ES” and has registered or has filed an application to register “OpenGL” in numerous countries worldwide including the United States, and has registered “OpenML” with the U.S. Patent and Trademark Office. Members may use the marks “OpenML”, “OpenGL” and “OpenGL ES” in reference to its products compliant with the Ratified Specification subject to the terms of a collateral trademark license agreement to such effect, by and between SGI and the related Member, the form of which trademark license agreement is available on the Khronos web-site and is made a part hereof by this reference. This Agreement shall not alter any rights that a Member may otherwise have to use such SGI marks under law, including pursuant to a separate agreement with or from SGI.

6. GENERAL

6.1 Assignment
Neither this Agreement nor any rights or obligations under this Agreement, in whole or in part, are assignable or otherwise transferable by the Signatory without the prior written approval of Khronos, provided however, that this Agreement may be assigned by the Signatory to a purchaser of all, or substantially all, of that Signatory’s business or assets, whether by merger, sale of assets, sale of stock, or otherwise without such approval.

6.6 Complete Agreement
This Agreement and its Attachments constitute the complete and exclusive statement of the agreement between the parties, and supersedes all previous agreements, proposals, oral or written, and all other communications or understandings between the parties relating to the subject matter of this Agreement. Each party acknowledges that it has not relied upon any representation or statement not contained herein. ATTACHMENT A
KHRONOS GROUP
INTELLECTUAL PROPERTY (“IP”) RIGHTS POLICY

1. DEFINITIONS

“Affiliate” means any entity that directly or indirectly Controls, is Controlled by, or is under common Control with a party to this agreement, so long as such Control exists. For purposes of this definition, Control means direct or indirect ownership of or the right to exercise (a) greater than fifty percent (50%) of the outstanding shares or securities entitled to vote for the election of directors or similar managing authority of an entity; or (b) greater than fifty percent (50%) of the ownership interest representing the right to make the decisions for such entity.

“Compliant Portion” means a portion of a product, where such portion is fully compliant with all relevant portions of a Ratified Specification. Any portion of a product that is not fully compliant with all relevant portions of a Ratified Specification shall not constitute a Compliant Portion.

“Contribution” means information submitted to Khronos for the purpose of consideration and adoption by Khronos for inclusion in a Draft Specification.

“Draft Specification” means a draft of a Specification produced by a Khronos working group.

“Encumbered Technology” means technology with respect to which a patent holder is unwilling to grant the Reciprocal License.

“Final Draft Specification” means a final Draft Specification produced by a Khronos working group that will be forwarded to the Board for Ratification and subsequent public release.

“IP Disclosure Certificate” means a written Notice delivered to the Managing Director and the chair of any affected working groups that identifies specific Necessary Patent Claims together with a statement as to whether or not those Necessary Patent Claims will be made available under the Reciprocal License with respect to a Draft Specification, Final Draft Specification or Ratified Specification. An IP Disclosure Certificate must identify in writing: a) the patent holder(s); b) for each issued patent and published patent application containing a Necessary Patent Claim the patent number or publication number, respectively; c) for a pending unpublished patent application containing a Necessary Patent Claim, the technology covered by the application; d) reasonable identification of the specific parts of Draft Specifications whose implementation may be covered by the Necessary Patent Claims if applicable. If the identified Necessary Patent Claims are not to be made available under the Reciprocal License then the IP Disclosure Certificate must contain reasonably sufficient detail so as to enable Khronos and Members either to exclude the subject inventions from a Draft Specification or to develop a commercially reasonable non-infringing implementation. An IP Disclosure Certificate may be accompanied by submitting any of the following, in the Member’s sole discretion: (i) Specific License Terms for any Necessary Patent Claims not to be made available under the Reciprocal License; (ii) any relevant entire patent applications including amended and newly added claims, as well as the effective filing date.

“Khronos” means the Khronos Group Inc.

“Khronos Representative” means any employee or contractor of a Member who attends at least one Khronos working group meeting or is otherwise substantially involved in the development of any Draft Specification within that Khronos working group.

“Managing Director” means the Managing Director of Khronos.

“Member” means any Member of Khronos.
“Membership Agreement” means the agreement signed by a Member to join Khronos and to which this Attachment A is attached.

“Necessary Patent Claims” means claims of a patent or patent application, other than design patents and design registrations, issued or filed in any country, to which a Member or its Affiliates has the right to grant licenses in accordance with the terms and conditions of this Attachment A at any time during the term of the Agreement, and which are necessarily infringed by any Compliant Portion. Necessary Patent Claims do not include any claims (i) other than those set forth above even if contained in the same patent or patent application as Necessary Patent Claims; (ii) that read solely on (1) any implementation of any portion of the Ratified Specification that is not a Compliant Portion, or (2) any Compliant Portion that is not within the bounds of the Scope; or (iii) that it is possible to avoid infringing because there is a commercially plausible non-infringing alternative for implementing such portions of the Ratified Specification.

“Notice” means a written notice as defined by the Khronos Group Membership Agreement.

“Ratification” means the Board approving a Final Draft Specification for public release.

“Reciprocal License” means the perpetual, royalty-free, fully paid, worldwide, nonexclusive, non-transferable license under any Necessary Patent Claims to make, have made, use, import, offer to sell and sell Compliant Portions, together with the right without royalty or fee to sublicense to third parties (a) the right to distribute Compliant Portions through the normal tiers of distribution to end users or to resellers, distributors, dealers and authorized manufacturers and others in the distribution channel, and (b) the right to reproduce Compliant Portions solely in connection with the distribution permitted under paragraph (a) of this definition, provided, however, that the royalty-free provisions shall not apply to Necessary Patent Claims that, if licensed would require payment by licensor to unaffiliated third parties.

“Scope” means the application program interfaces and data structures solely to the extent disclosed with particularity in a Ratified Specification where the sole purpose of such disclosure is to enable products to interoperate, interconnect, or communicate as defined within a Ratified Specification. Notwithstanding the foregoing, the Scope does not include: (a) any enabling technologies that may be necessary to make or use any product or portion of any product that complies with the Ratified Specification, but are not themselves expressly set forth in the Ratified Specification (e.g. semiconductor manufacturing technology, hardware architecture, processor architecture or microarchitecture, compiler technology, object oriented technology, basic operating system technology, compression technology, algorithms, and so on); or (b) the implementation of other published specifications developed elsewhere but referred to in the body of the Ratified Specification; or (c) any portions or combinations of any product whose purpose is not required for compliance with the Ratified Specification. For purposes of this definition, the Ratified Specification will include only interconnection requirements and will not include any implementation examples or any information pertaining to the architecture, design or operating principles of any implementations unless such implementation examples or information are expressly identified as being included as part of the Ratified Specification, and provided that the Member or Members submitting the Contributions including such implementation examples or information provide their consent to such identification.
“Specific License Terms” means a minimal set of terms and conditions that a license must address in order for Khronos to consider incorporating Encumbered Technology into a Ratified Specification. The minimal set of terms shall include: price (fees and royalties), geographical scope, revocability, whether license is perpetual, definition of licensed patents, sublicense conditions (if any), term of license agreement, termination conditions, whether licensor can defensively terminate or suspend license upon suit against them by licensees, and reciprocity. Notwithstanding any of the foregoing, however, in all instances the Specific License Terms shall otherwise be under reasonable and non-discriminatory terms.

2. RECIPROCAL LICENSES

2.1 Copyright License
Each Member grants to Khronos a worldwide, irrevocable, non-exclusive, non-transferable, royalty free copyright license for any Ratified Specification on the date of Ratification to reproduce, create derivative works, distribute, display, perform and sublicense the rights to reproduce, distribute, display and perform the Contributions of the granting Member solely for the purposes of developing, publishing and distributing Ratified Specifications and related materials, as well as products based on such documents.

2.2 Reciprocal License Grant
Each Member agrees to grant a Reciprocal License under any of its Necessary Patent Claims not excluded in accordance with the following sections for any Ratified Specification on the date of Ratification in reciprocity to all other Members that also grant a Reciprocal License to Member. Such Reciprocal License is granted whether or not the licensor or licensee Member ever had any knowledge of the existence of such Necessary Patent Claims. Further, any Member shall have the right to suspend any Reciprocal License granted by that Member to any other Member (“Plaintiff”) in the case that the Plaintiff initiates any lawsuit or other legal proceeding against the Member alleging patent infringement within the Scope.

3. DISCLOSURE OF NECESSARY PATENT CLAIMS

3.1 Khronos Responsibility
Khronos shall not be responsible for identifying patent rights for which a license may be required, or for conducting inquiries into the legal validity or scope of those patents that are brought to its attention.

3.2 No Member Disclosure Necessary
A Member is not required to disclose a Necessary Patent Claim if the Member commits to license such Necessary Patent Claim according to the terms and conditions of the Reciprocal License.

3.3 IP Disclosure Certificates for Draft Specifications
If any Khronos Representative of a Member organization has actual knowledge of claims that may be Necessary Patent Claims owned or controlled by that Member with respect to that Member’s Contributions or any other aspect of a Draft Specification that will not be licensed under the Reciprocal License, the Khronos Representative of such Member must submit an IP Disclosure Certificate with the submission of a Contribution or as soon as is reasonably possible. In satisfying the disclosure obligation set forth herein, Members are not required to conduct searches of their patent portfolios, nor are they required to disclose Necessary Patent Claims of other Members or other third party patents.

3.4 Procedure for IP Disclosure Certificates
Khronos shall post all received IP Disclosure Certificates on a Khronos website, which is accessible only by Members, promptly after receipt and send an email notification the Board and all Members.
3.5 Waiver of Disclosure Obligation
The disclosure obligation set forth in the previous sections shall not apply if confidentiality obligations in a joint development agreement between a Member and a third party prohibits disclosure of the unpublished application, provided, however, the unpublished application must be disclosed upon publication, upon issuance or to the extent that other circumstances render it non-confidential.

3.6 IP Disclosure Binding
If the Member proposes Specific License Terms in the IP Disclosure Certificate that are subsequently accepted by Khronos, and are required by the Final Draft, then the Member is irrevocably required to grant a license under such Specific License Terms or under terms that are materially similar to such Specific License Terms for the Necessary Patent Claims.

3.7 Confidentiality of IP Disclosure Certificates
Prior to the date on which a Ratified Specification relating to an IP Disclosure Certificate is made public, Members and Khronos shall not make public the content of any Member’s IP Disclosure Certificate outside of Khronos. IP Disclosure Certificates received with respect to a particular Draft Specification shall be made public after such Specification has been ratified. Each Ratified Specification shall include suitable Khronos approved disclaimer language.

3.8 Termination of Disclosure Obligations
The disclosure obligations described in this section for a Draft Specification terminate upon Ratification of the Specification by Khronos or when a working group or Khronos formally indicates in writing that work on the Draft Specification has terminated without Ratification by Khronos.

3.9 No Notice
Receipt of IP Disclosure Certificates by any Member shall not be deemed to be notice of any patent listed therein for purposes of damages or willfulness.

4. RATIFICATION PERIODS

4.1 Notice of Ratification Period
Promptly upon a working group’s issuance of a Final Draft, the working group chair shall request that the Board issue a Notice of Ratification Period to all Members notifying that an announced period of time not shorter than thirty (30) days and not to exceed sixty (60) days (the "Ratification Period") has commenced. The Notice of Ratification Period shall clearly indicate the location of the Final Draft on the Khronos web-site and the deadline for the receipt of any IP Disclosure Certificates from any Member. At the end of the Ratification Period the Board will vote for Ratification of the Final Draft or establish an IP Committee as defined below.

4.2 Failure to Submit IP Disclosure Certificate
If a Member fails to submit an IP Disclosure Certificate prior to the expiration of an applicable Ratification Period, the Member shall be deemed to have granted the Reciprocal License for that Final Draft.
5. WORKING GROUP EXCLUSION CERTIFICATE

5.1 Working Group Exclusion Certificate
Any Member may deliver a Notice to the Managing Director notifying that the Member shall not grant a Reciprocal License for any future Ratified Specifications produced by particular working group or working groups ("Working Group Exclusion Certificate"). The Working Group Exclusion Certificate shall be effective on the date of the posting of the certificate if accepted by the Board as below. Any previously granted licenses for any Ratified Specifications shall not be affected. The Board shall accept said certificate if no Khronos Representative of the Member has attended any working group meetings since the formation of the working group or since the last Final Draft was produced by the Working Group. On acceptance Khronos shall notify the Member in writing and shall post the Working Group Exclusion Certificate on a Member-only accessible Khronos website.

5.2 Meeting Attendance
If any Khronos Representative of a Member that has submitted a Working Group Exclusion Certificate attends, in person or by teleconference, but not inadvertently, any meeting of that working group then that Working Group Exclusion Certificate shall be rescinded at the date of the first attendance and that Member shall be subject to licensing requirements for any subsequent Ratified Specifications produced by that working group and the Certificate removed from the Khronos web-site. After rescinding a Working Group Exclusion Certificate through attendance, the Member may re-submit a Working Group Exclusion Certificate after the working group has produced any subsequent Ratified Specification.

5.3 Ongoing Requirement for IP Disclosure
A Working Group Exclusion Certificate does not exclude a Khronos Representative of a Member that has actual knowledge of claims that may be Necessary Patent Claims of that Member with respect to any aspect of any Khronos Draft Specification that will not be licensed under the Reciprocal License from submitted an IP Disclosure Certificate as specified above.

5.4 Failure to Submit Working Group Exclusion Certificate
If a Member fails to submit a Working Group Exclusion Certificate (a) prior to the expiration of an applicable Ratification Period, or (b) within sixty (60) days of becoming a Member, the Member shall be deemed to have granted the Reciprocal License for any Ratified Specifications.

6. RECIPROCAL LICENSE CERTIFICATE
At any time during the creation of a Draft Specification or during the Ratification Period for a Final Draft any Member may choose to issue an IP Disclosure Certificate accompanied by a signed certificate ("Reciprocal License Certificate") certifying Member’s grant of the Reciprocal License for disclosed Necessary Patent Claims for, or expected to be for, a Final Draft. A Reciprocal License Certificate may be accompanied by, in the Member’s sole discretion, the results of any IP searches conducted by the contributor, or any prior publicly available prior art. As an example, a Member may choose to issue a Reciprocal License Certificate for a Contribution that it wishes to see incorporated into a Draft Specification to assist the working group in deciding whether to incorporate that Contribution.

7. EXISTING RATIFIED SPECIFICATIONS

7.1 New Member Reciprocal License Grant
By signing and submitting a Membership Agreement, a new Member agrees to grant a Reciprocal License for all Ratified Specifications as of the joining date of the Member, unless, within sixty (60) days of the submission of the Agreement, the Member submits IP Disclosure Certificates or Working Group Exclusion Certificates as set forth herein.
7.2 Member Patent Purchase
An existing Member purchasing a patent agrees to grant the Reciprocal License for all Ratified Specifications for which the Member has not an accepted Working Group Exclusion Certificate as of the date of purchase, unless, within sixty (60) days after purchase of the patent the Member submits an IP Disclosure Certificate or Working Group Exclusion Certificate as set forth herein, that excludes the obligation to grant a Reciprocal License for the patent. After such period any non-excluded Necessary Patent Claims that shall be deemed to be licensed under the Reciprocal License.

8. MEMBER INITIATED DISCLOSURE REQUEST

8.1 Member Request
A Member may, in Good Faith, request in writing that the Managing Director issue a written request from the Board delivered to another Member requesting that the other Member issue an IP Disclosure Certificate for specific patent or patents owned or controlled by that Member relevant to a Draft Specification being discussed in a working group ("Disclosure Request"). For clarification, the Disclosure Request must specifically identify the respective patent or patents by providing the corresponding patent numbers. Further, the number of patents included in any Disclosure Request must be reasonable, and the Board shall act in good faith when issuing any particular Disclosure Request or combination of Disclosure Requests. A Disclosure Request is subject to approval by the Board. If approved, the Disclosure Request shall be sent as a Notice by the Managing Director on behalf of Khronos to the applicable Member and shall include Khronos’ reasons for making the request, the Draft Specification in question, and any relevant meeting minutes and other documents.

8.2 IP Disclosure Certificate in Response to a Disclosure Request
Any Khronos Representative in a Member organization who has received from the Managing Director a Disclosure Request with respect to a Draft Specification, or any person in a Member organization who has received, either directly or indirectly, a Disclosure Request from a Khronos Representative of that Member organization; and who has actual knowledge of claims included in the patent or patents specifically identified in the Disclosure Request that are Necessary Patent Claims of that Member organization must issue an IP Disclosure Certificate in accordance with this policy as soon as reasonably possible after receipt of a Disclosure Request.

8.3 Failure to Comply to a Disclosure Request
A Member who does not comply with the disclosure obligations set forth in this section automatically grants the Reciprocal License for any Necessary Patent Claim(s) that the Member failed to disclose. Any attempt to exclude any such undisclosed Necessary Patent Claim(s) is ineffective and null and void.

9. WITHDRAWAL

9.1 No Withdrawal
Contributions, once accepted by Khronos, may not be withdrawn.

9.2 Survival of License
A Member’s obligations to license made prior to withdrawal from Khronos shall survive such withdrawal, and shall extend to all licensees, including Members that join Khronos after the withdrawing Member’s withdrawal.
9.3 Exclusion upon Withdrawal
If a Member withdraws from Khronos prior to the expiration of an applicable Ratification Period, then the Member may exclude patents the Member is not already obligated to license before the expiration of an applicable Ratification Period. Failure to exclude will result in the former Member granting the Reciprocal License. Upon withdrawal from Khronos, the Member may submit at any time any and all IP Disclosure Certificates that the Member chooses to submit pursuant to the foregoing clause of this section, without the obligation to wait until a Ratification Period is defined by Khronos with respect to any particular Draft Specification.

9.4 Rights after Withdrawal
Except as explicitly described in this Attachment A, a prior Member shall have no other obligations to Khronos or to Members as to technologies or IP rights developed by the Member after its withdrawal from Khronos.

10. THIRD PARTY TECHNOLOGY
Nothing in the Membership Agreement shall compel nor prevent Khronos from including in a Draft Specification or Ratified Specification a reference to, or suggestion to adopt or employ, a non-Member technology, whether or not such third party technology must be licensed on a royalty-bearing or royalty-free basis in order to avoid infringement or intellectual and/or proprietary rights.

11. IP COMMITTEE FOR ENCUMBERED TECHNOLOGY

11.1 Formation and Purpose
The Board shall create a committee ("IP Committee") to investigate any IP issue including receipt by Khronos of a notice in writing (an "IP Statement") in which a Member or third-party ("IP Claimant") asserts, claims, or otherwise references an intellectual property right relative to any Draft or Ratified Specification, or a Member’s delivery of an IP Disclosure Certificate. The IP Committee shall investigate the implications of any IP issues and report any recommendations to the Board.

11.2 Constraints
The IP Committee shall not investigate or discuss the validity or invalidity of any intellectual property claims or opinions as to infringement or non-infringement of the intellectual property in any Encumbered Technology.

11.3 Membership
Any Member may be represented on the IP Committee by legal and/or engineering personnel. A Member with an ownership interest in the patents or patent applications under investigation may be excluded from a meeting of the Committee at the discretion of the Committee. An IP Committee Member will serve as chair of the IP Committee.

11.4 Reporting
The IP Committee shall provide a report of its current status and/or results to the Board within ninety (90) days of the date of committee formation. The report may be presented to the Board orally or in writing and shall be the confidential information of Khronos and shall be treated by Members accordingly. The report may include a request for Board approval of an extension of time to provide the report.
11.5 Term
The IP Committee shall have an initial term of ninety (90) days from the date of committee formation. The IP Committee shall terminate automatically unless: a) The Board terminates the IP Committee prior to the expiration of the initial term; or b) the Board extends the duration of the IP Committee beyond the initial term. An extension must indicate a specific duration, not to exceed ninety (90) days from the expiration of the immediately preceding term. Further extensions may be requested by the IP Committee and approved by the Board in a similar manner.

3.3  **ANTITRUST COMPLIANCE**
The Members are committed to fostering open competition in the development of products and services based on open standard application programming interfaces. The Members understand that in certain lines of business they are or may be direct competitors and that it is imperative that they and their representatives act in a manner which does not violate any state, federal or international laws and regulations relating to antitrust or the promotion of competition. Without limiting the generality of the foregoing, Members should not participate with each other in communications regarding costs, prices, quantity or quality of production levels, methods or channels of distribution, markets, customers, exclusion of competitors or any other topic which may be construed as a violation of antitrust laws. 4.2 **POWERS**
Subject to the provisions of the California Nonprofit Corporation Law and any limitations in the Articles of Incorporation and these By-laws relating to action required or permitted to be taken or approved by the Promoters, the activities and affairs of the Corporation shall be conducted and all corporate powers shall be exercised by or under the direction of the Board of Directors.

4.4 APPOINTMENT OF DIRECTORS
Each Promoter shall be entitled to designate one Director to the Board. This representative must be a full time employee of the Promoter or serve as an agent or consultant to the Promoter. If the designated representative is removed by the Promoter or resigns or dies while in office, the Promoter shall be entitled to appoint a new successor Director to the Board. A Promoter may change its designated representative at any time by sending a written notice to the Managing Director or by having a written notice sent or delivered to the Board prior to the meeting by its new designated representative.

4.5 TERM OF OFFICE
Each Director shall serve until removed by the Promoter who designated him or her or until the said Promoter ceases to be a Promoter of the Corporation, or until such Director’s resignation or death, whichever is earlier.

4.6 COMPENSATION
Directors shall serve without compensation.

Nothing herein contained shall be construed to preclude any Director from serving the Corporation in any other capacity as an officer, agent, employee, or otherwise and receiving compensation therefore so long as such compensation is approved by a majority of disinterested Directors.

4.7 PLACE OF MEETINGS
Meetings of the Board shall be held at any place within or outside California or in any manner that has been designated by resolution of the Board or in the notice of the meeting or, if not so designated, at the principal office of the Corporation.

In order to encourage maximum participation, meetings may be held in person or by any combination of audio, document or video conferencing techniques, as long as all Directors participating in such meetings can hear one another.

4.8 ANNUAL AND REGULAR MEETINGS
The Directors shall meet once a year to elect the officers for the Corporation and to agree on the Corporation’s budget for the next fiscal year, and also on such other occasions as scheduled by the Board.

4.9 SPECIAL MEETINGS
Special meetings of the Board may be called by the President, the Vice President, the Secretary, the Managing Director or any two Directors.

4.10 NOTICE OF MEETINGS
Unless otherwise provided by the Articles of Incorporation, these By-laws, or provisions of law, the following provisions shall govern the giving of notice for meetings of the Board of Directors:

(a) Regular Meetings. At least 21 days prior notice shall be given to each Director unless a 2/3 majority of the Directors agree to waive the notice requirement.

(b) Special Meetings. At least one week prior notice shall be given to each Director of each special meeting of the Board.

Such notices must be by mail or by electronic message, and shall state the place, date and time of the meeting and the matters proposed to be acted upon at the meeting. Any required notice may be waived by individual Directors.
4.11 QUORUM FOR MEETINGS
A quorum shall consist of a majority of the members of the Board.

In the absence of a quorum at any meeting of the Board of Directors, a majority of the Directors present may adjourn the meeting. A meeting at which a quorum is initially present may continue to transact business, notwithstanding the withdrawal of enough Directors to leave less than a quorum, if any action taken is approved by at least a majority of the required quorum for such meeting.

4.12 2/3 MAJORITY ACTION AS BOARD ACTION
Every act or decision done or made by a 2/3 majority of the Directors present at a meeting duly held at which a quorum is present is the act of the Board, unless the Articles of Incorporation, these By-laws, or provisions of law require a different percentage or different voting rules for approval of a matter by the Board.

4.13 CONDUCT OF MEETINGS
Meetings of the Board shall be chaired by the President of the Corporation or, in his or her absence, by the Vice President of the Corporation or, in the absence of each of these persons, by a Chairperson chosen by a majority of the Directors present at the meeting. The Secretary of the Corporation or his or her designee shall act as recording secretary of all meetings of the Board, provided that, in his or her absence, the presiding officer shall appoint another person to act as recording secretary of the Meeting.

To the extent permitted by applicable law, a Director may designate an alternate representative from the same organization to attend a Board of Directors meeting when that Director is unable to attend a meeting.

Meetings shall be governed by such procedures as may be approved from time to time by the Board, insofar as such rules are not inconsistent with or in conflict with the Articles of Incorporation, these By-laws, or with provisions of law.

4.14 NON-LIABILITY OF DIRECTORS
The Directors shall not be personally liable for the debts, liabilities, or other obligations of the Corporation.

4.15 INDEMNIFICATION OF DIRECTORS AND OFFICERS
To the fullest extent permitted by law, the Corporation shall indemnify its Directors, officers, employees, and other persons described in Corporations Code section 7237(a), including persons formerly occupying any such positions, against all expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred by them in connection with any “proceeding,” as that term is used in that section, and including an action by or in the right of the Corporation, by reason of the fact that the person is or was a person described in that section. “Expenses,” as used in these By-laws, shall have the same meaning as in that section of the Corporations Code.

On written request to the Board by any person seeking indemnification under Corporations Code section 7237(b) or 7237(c), the Board shall promptly decide under Corporations Code section 7237(e) whether the applicable standard of conduct set forth in Corporations Code section 7237(b) or section 7237(c) has been met and, if so, the Board shall authorize indemnification. If the Board cannot authorize indemnification, because the number of Directors who are parties to the proceeding with respect to which indemnification is sought prevents the formation of a quorum of Directors who are not parties to that proceeding, the Board shall promptly call a meeting of Promoters. At that meeting, the Promoters shall determine under Corporations Code section 7237(e) whether the applicable standard of conduct has been met and, if so, the Promoters present at the meeting in person or by proxy shall authorize indemnification.
To the fullest extent permitted by law and except as otherwise determined by the Board in a specific instance, expenses incurred by a person seeking indemnification under this Section of these By-laws in defending any proceeding covered by this Section shall be advanced by the Corporation before final disposition of the proceeding, on receipt by the Corporation of an undertaking by or on behalf of that person that the advance will be repaid unless it is ultimately found that the person is entitled to be indemnified by the Corporation for those expenses.

4.16 INSURANCE FOR CORPORATE AGENTS
Except as may be otherwise provided under provisions of law, the Corporation may purchase and maintain insurance to the full extent permitted by law on behalf of its officers, Directors, employees, and other agents, to cover any liability asserted against or incurred by any officer, Director, employee, or agent in such capacity or arising from the officer’s, Director’s, employee’s, or agent’s status as such.

4.17 BOARD ACTION WITHOUT A MEETING
Any action that the Board is required or permitted to take may be taken without a meeting if all members of the Board consent in writing or by electronic message to that action. Such action by written consent shall have the same force and effect as any other validly approved action of the Board. All consents shall be filed with the minutes of the proceedings of the Board.

To conduct such an email vote, the Promoter requesting the vote must send a proposal to the President and request that the President conduct the vote by email. Within a reasonable period of time after receiving such a request, the President or the President’s designate will send an email to the Board requesting their vote on the proposal. Each Director has seven (7) days in which to vote. To cast a vote, a Director must send a reply email stating his or her vote on the proposal. After the seven-day period has expired the President or the President’s designate will tally the votes and email the results to the Board.

4.18 SUSPENSION OF VOTING RIGHTS
A Promoter’s right to vote is suspended if that Promoter is not in good standing. To be in good standing a Promoter must have attended two of the last three meetings of the Board of Directors in person or by phone, counting the current meeting. New Promoters may vote on their second meeting – if they are in good standing. Any Promoter with suspended voting rights shall not be counted in determination of Board quorum and Board votes.

The Managing Director will provide written notice to a Promoter whose voting rights have been suspended. The notice will include the reason for the suspension of the voting rights. Upon receipt of such notice, the Promoter will not be entitled to vote on any matter. A Promoter whose voting rights have been suspended may have its voting rights reinstated by the Board or when it returns to good standing.

He or she shall perform all duties incident to his or her office and such other duties as may be required by law, by the Articles of Incorporation, or by these By-laws, or which may be prescribed from time to time by the Board.

5.9 COMPENSATION

12.4 ADMISSION TO MEMBERSHIP

If two Members merge then the new entity may assume the membership rights of the most senior Member, provided that the new entity re-executes the appropriate Membership Agreement. If one Member acquires more than 50% of the controlling interests of another Member then the acquiring Member may assume the membership rights of the most senior member, provided that it executes the appropriate Membership Agreement if necessary and notifies the Managing Director in writing. In all other cases, no Member may transfer a membership or any right arising therefrom without the prior written consent of the Board of Directors. All rights of membership cease upon a Member’s dissolution.

12.8 RELATED COMPANIES

It shall not be permitted for any subsidiary of a Member to hold a membership of the Corporation where the Member has ownership or control of more than 50% of the controlling interests of that subsidiary. In case of any dispute the Board shall determine the suitability of related company memberships in a manner that is consistent with the Corporation’s Articles and these By-laws and the best interests of the Corporation.

12.9 TERMINATION OF MEMBERSHIP
(a) Involuntary Termination of non-Promoter Members - The Board may terminate any non-Promoter Member on the good faith determination that such Member has to a material or serious degree violated these By-laws, the Articles of Incorporation, the terms of the Membership Agreement executed by such Member, any duly adopted resolutions of the Board of Directors or the rules of conduct of the Corporation as established by the Board of Directors, or has engaged in conduct materially and seriously prejudicial to the purposes and interests of the Corporation. If no fewer than one-third (1/3) of the Promoters submit a written request to the Managing Director calling for the termination of a non-Promoter Member, then within forty-five (45) days of receiving the appropriate number of requests, the Managing Director will call a meeting of the Board. At the meeting, the non-Promoter Member that is being considered for termination must be given the opportunity to make a statement. If the non-Promoter Member does not attend the meeting after receiving proper notice, which shall be no less than 15 days, then no such opportunity needs to be given. A 2/3 vote of all of the Directors eligible to vote is necessary to terminate a non-Promoter.
(b) Termination of Promoter - The Board may terminate any Promoter on the good faith determination that such Promoter has to a material or serious degree violated these By-laws, the Articles of Incorporation, the terms of the Participation Agreement executed by such Member, any duly adopted resolutions of the Board of Directors or the rules of conduct of the Corporation as established by the Board of Directors, or has engaged in conduct materially and seriously prejudicial to the purposes and interests of the Corporation. If no fewer than one-third (1/3) of the Promoters submit a written request to the Managing Director calling for the termination of a Promoter, then within forty-five (45) days of receiving the appropriate number of requests, the Managing Director will call a meeting of the Board. At the meeting, the Promoter that is being considered for termination must be given the opportunity to make a statement. If the Promoter does not attend the meeting after receiving proper notice, which shall be no less than 15 days, then no such opportunity needs to be given. A unanimous vote of all of the Directors eligible to vote is necessary to terminate a Promoter. The Promoter who is being considered for termination is not entitled to vote on the issue of its termination.

12.10 WITHDRAWAL OF MEMBERSHIP
A Member may withdraw from the Corporation at any time by providing written notice to the Managing Director which shall be effective upon receipt of notice by the Managing Director or upon such later date as specified in such notice or upon such other date specified in the Membership Agreement executed by the withdrawing Member, as the case may be.

12.11 EFFECT OF TERMINATION, SUSPENSION OR WITHDRAWAL OF MEMBERSHIP
A Member who is terminated by the Board or who withdraws from the Corporation shall have no further interest or participation in any of the activities of the Corporation. A terminated Member shall not be allowed to be permitted to reapply for membership in the Corporation unless the terminated Member shall receive the consent of the Board. Termination, suspension or withdrawal of membership shall not effect the termination or survival of any rights as granted under the Membership Agreements. No termination or withdrawal shall relieve a Member from full payment of any and all dues and other fees or assessments remaining unpaid on the date of termination or withdrawal. Upon termination or withdrawal, a Member shall not be entitled to a refund of any amounts paid during membership.

12.12 WAIVER OF FEES FOR INVITED EXPERTS
The Board may agree to waive the membership dues for an invited expert when the Corporation would benefit from their participation and the payment of dues is a genuine barrier to membership. An invited expert must execute the standard Membership Agreement with an amendment that states that: they may participate in any working group that invites them; they do not receive a vote in Working Group meetings; that they may represent themselves as a member; and that the terms of the waiver are confidential within Khronos. Any waiver must be reviewed and renewed annually by the Board.
